

Power

D-IBM/Wallmount

Transport system (without charger)

For one battery charger (standard version)

Type: MPC4 & MPC9

Art.-No.

Dimensions transport system (HxWxD): 100(202) x 51 x 62 cm

140526

Transport system options:

Incl. external signal lamp (height 100 cm)

140526/01

Incl. external signal lamp (height 20 cm)

140526/21

Transport system for B-Housing version (without charger)

Type: MPC4 & MPC9

Art.-No.

For one charger DBL B-Housing

140527

For mounting external signal lamp 107492/x with mounting kit 140591/x

prepared

D-IBM Energy buffer system for DBL chargers

On request

Wallmount with cable holder **Housing Version A**

Wallmount with cable bracket incl. mounting and fastening materials for DBL series in A-Housing Version

Art.-No. 140551

Type: MPC4 & MPC9

Transport system (multifunctional)

Without accessories

Art.-No. 140534

Transport system with mounting device for

140534/1

two DBL in B housing and signal lamps Transport system with mounting device for

140534/2

two DBL2250/3W resp. DBL3000/3W and signal lamps

Transport system with mounting device for D-IBM energy buffer system as well as two DBL/3W or DBL-B and external signal

140534/3

Corner protection profile type A 1 set (4x 1m) self-adhesive

140784

Wallmount with cable holder **Housing Version B**

Wallmount with cable bracket incl. mounting and fastening materials for DBL series in B-Housing Version

140418

Art.-No.

Type: MPC4 & MPC9

Rework Station / Cable spring balancer / Filter box

Signalization MPC4

Basic carrier /Rework station

Basic carrier for DBL MPC4 & MPC9 chargers, B-Housing Version

Incl. EU socket combination Not mounted!

Other socket combination on request

Art.-No. 140422

140422/10

Cable spring balancer with locking device

Load 1.5...3 kg

Including conductor holder for round cables

Art.-No. 140061/1

D-ILAEMC filter for DBL-Series

Adaptive filter box to meet ILA EMC requirement on DBL devices

Retrofittable on existing DBL devices

Type: MPC4 & MPC9

Art.-No. 140291 (MPC4) 140292 (MPC9)

139,5

Use of charger with signal lamp during assembly line

External Signal Lamp

External signal lamp for charging computers of the DBL MPC4 series

For clear signalling of the charging status on production lines and workshops

MPC4 – with 2.5 m cable length

Without acoustic signalling

Acoustic signalling with LED signal green

Acoustic signalling with LED signal yellow

Acoustic signalling with LED signal red

Mounting set for mounting a signal lamp on the transport system, mounting height approx. 100 cm

MPC4 – with 0.5 m cable length

Without acoustic signalling

Acoustic signalling with LED signal green

Acoustic signalling with LED signal yellow

Acoustic signalling with LED signal red

Mounting set for mounting a signal lamp on the transport system, mounting height approx. 20 cm

Art.-No.

107492

107492/20*

107492/21*

107492/22

140591

107492/1

107492/10*

107492/11*

107492/12

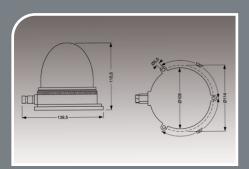

140591/1

* minimum order quantity: 5 pieces

Signalization MPC9

Connection Technology

Use of charger with signal lamp during assembly line

External Signal Lamp

External signal lamp for charging computers of the DBL MPC9 series

For clear signalling of the charging status on production lines and workshops

MPC9 – with 2.5 m cable length

DBL-SIG USB Indicator without acoustic signalling

DBL-SIG USB Indicator with acoustic signalling

MPC9 – with 0.5 m cable length

DBL-SIG USB Indicator without

acoustic signalling

DBL-SIG USB Indicator with acoustic signalling

107489/1

107489

107489/20

107489/10

quantity: 5 pieces

For DBL3000/3W and DBL5500/3W

Art.-No. 140742

✓ HARTING-plug

HARTING-plug for all DBL-B-HAN-versions (mains connection)

Art.-No. 140442

Spare parts

Rubber foot for DBL800 (without illustration)

Hinged feets frontside Type: MPC4 (f.e. DBL1600) (without illustration)

Carrying handle for product groups Type: MPC4 (f.e. DBL1600)

(Attention – handle is not generally mountable – the basic article needs to be prepared ex factory)

Further spare parts on request

Art.-No.

140726

140731

140728

Connection Technology MPC4

D-ADAPT-SBB2X25 T-Adapter (MPC4)

The T-Adapter enables the utilisation of the further functions of the 25 pole DBL interface while at the same time the external signal lamp (DBL-SIG-LR) is connected to the DBL.

Art.-No. 140334

Type: MPC4 (f.e. DBL1600)

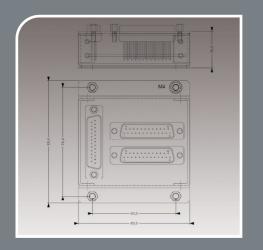

D-ADAPT-SB25 Data Cabl

Data cable male-female, 25 pole / 1.8 m

Art.-No. 140337

Art.-Nr.

140236

Service-Set for DBL-MPC4 chargers

RS232/USB converter, incl. USB extension cable (approx. 80cm)

RS232 data cable, length approx. 3m (incl. button for optional MPC4 bootloader update)

Retrofit-USB-Adapter (MPC9)

Connection of a DBL-SIG-LRv2 remote indicator

Evaluation of the device status via relayy signaling and the function pin (RemoteOff or PowerDown)

Art.-Nr. 107280

Selection of the operating mode of the MPC9 device via the system control

Mains cable for Europe

With Schuko and IEC plug According to IEC-60320 C13
